NOTE 2: Boldface entries indicate October changes.

Additions to Table I, October 1991

This table lists the sections of the U.S. Code, U.S. Statutes at Large, Public Laws, and Presidential documents which are being added to Table I as a result of authority citations carried in the **Federal Register** during January through October 1991. Recent legislation is carried by public law number.

Table I is in the CFR Index and Finding Aids revised as of January 1, 1991. Additions during 1990 are in the December 1990 LSA (List of CFR Sections Affected).

In order to determine the **Federal Register** page number of a parallel CFR citation, consult this LSA and the appropriate Annual Issue of the LSA for that CFR title.

LSA—LIST OF CFR SECTIONS AFFECTED

The LSA (List of CFR Sections Affected) is a monthly publication designed to lead users of the Code of Federal Regulations (CFR) to amendatory actions published in the Federal Register (FR). It should be shelved with current CFR volumes. Entries are by CFR title, chapter, part, and section. Proposed rules are listed at the end of appropriate titles.

HOW TO USE THIS FINDING AID

The CFR is revised annually according to the following schedule:

Titles 1-16—as of Jan. 1
17-27—as of April 1
28-41—as of July 1
42-50—as of Oct. 1

To bring these regulations up to date, consult the most recent LSA for any changes, additions, or removals published after the revision date of the volume you are using. Then check the CUMULATIVE LIST OF PARTS AFFECTED appearing in the Reader Aids of the latest Federal Register for less detailed but timely changes published after the final date included in this publication.

Boldface entries are used to distinguish current month amendments from previous entries. Example: **1413.23 Amended.....12345. Boldface** page numbers under a particular title indicate that the page numbers span 2 years.

Cite a page reference from this publication using the volume number (i.e. 56 FR for 1991) and the page number. Example: 24727 cite as 56 FR 24727. For your convenience, the volume number has been included in the Table of Federal Register Issue Pages and Dates.

ISSUES TO BE SAVED

There is no single annual issue of the LSA. Four ANNUAL ISSUES must be saved; the DECEMBER issue is the ANNUAL for Titles 1-16; the MARCH issue is the ANNUAL for Titles 17-27; the JUNE issue is the ANNUAL for Titles 28-41; the SEPTEMBER issue is the ANNUAL for Titles 42-50. ANNUAL ISSUES to be saved are clearly designated on the cover.

PARALLEL TABLE OF AUTHORITIES AND RULES

Following Title 50 is an update to Table I—Parallel Table of Authorities and Rules found in the CFR Index and Finding Aids. This table contains authority citations added to or removed from Table I as a result of documents published in the Federal Register since January 1, 1991.

TABLE OF FEDERAL REGISTER ISSUE PAGES AND DATES

A table is included at the end of this publication which identifies the volume number, the inclusive page numbers, and the corresponding Federal Register issue dates for the period covered.

INDEXES

An INDEX to the daily Federal Register is published monthly and is cumulated for 12 months. A separate volume, the CFR Index and Finding Aids to the entire Code of Federal Regulations, is revised as of January 1 each year.

Additions to Table I, November 1991

This table lists the sections of the U.S. Code, U.S. Statutes at Large, Public Laws, and Presidential documents which are being added to Table I as a result of authority citations carried in the **Federal Register** during January through November 1991. Recent legislation is carried by public law number.

Table I is in the CFR Index and Finding Aids revised as of January 1, 1991. Additions during 1990 are in the December 1990 LSA (List of CFR Sections Affected).

In order to determine the **Federal Register** page number of a parallel CFR citation, consult this LSA and the appropriate Annual Issue of the LSA for that CFR title.

LSA—LIST OF CFR SECTIONS AFFECTED

The LSA (List of CFR Sections Affected) is a monthly publication designed to lead users of the Code of Federal Regulations (CFR) to amendatory actions published in the Federal Register (FR). It should be shelved with current CFR volumes. Entries are by CFR title, chapter, part, and section. Proposed rules are listed at the end of appropriate titles.

HOW TO USE THIS FINDING AID

The CFR is revised annually according to the following schedule:

Titles 1–16—as of Jan. 1
17–27—as of April 1
28–41—as of July 1
42–50—as of Oct. 1

To bring these regulations up to date, consult the most recent LSA for any changes, additions, or removals published after the revision date of the volume you are using. Then check the CUMULATIVE LIST OF PARTS AFFECTED appearing in the Reader Aids of the latest Federal Register for less detailed but timely changes published after the final date included in this publication.

Boldface entries are used to distinguish current month amendments from previous entries. Example: **1413.23 Amended.....12345. Boldface** page numbers under a particular title indicate that the page numbers span 2 years.

Cite a page reference from this publication using the volume number (i.e. 56 FR for 1991) and the page number. Example: 24727 cite as 56 FR 24727. For your convenience, the volume number has been included in the Table of Federal Register Issue Pages and Dates.

ISSUES TO BE SAVED

There is no single annual issue of the LSA. Four ANNUAL ISSUES must be saved; the DECEMBER issue is the ANNUAL for Titles 1–16; the MARCH issue is the ANNUAL for Titles 17–27; the JUNE issue is the ANNUAL for Titles 28–41; the SEPTEMBER issue is the ANNUAL for Titles 42–50. ANNUAL ISSUES to be saved are clearly designated on the cover.

PARALLEL TABLE OF AUTHORITIES AND RULES

Following Title 50 is an update to Table I—Parallel Table of Authorities and Rules found in the CFR Index and Finding Aids. This table contains authority citations added to or removed from Table I as a result of documents published in the Federal Register since January 1, 1991.

TABLE OF FEDERAL REGISTER ISSUE PAGES AND DATES

A table is included at the end of this publication which identifies the volume number, the inclusive page numbers, and the corresponding Federal Register issue dates for the period covered.

INDEXES

An INDEX to the daily Federal Register is published monthly and is cumulated for 12 months. A separate volume, the CFR Index and Finding Aids to the entire Code of Federal Regulations, is revised as of January 1 each year.

Additions to Table I, December 1991

This table lists the sections of the U.S. Code, U.S. Statutes at Large, Public Laws, and Presidential documents which are being added to Table I as a result of authority citations carried in the **Federal Register** during January through December 1991. Recent legislation is carried by public law number.

Table I is in the CFR Index and Finding Aids revised as of January 1, 1991. Additions during 1990 are in the December 1990 LSA (List of CFR Sections Affected).

In order to determine the **Federal Register** page number of a parallel CFR citation, consult this LSA and the appropriate Annual Issue of the LSA for that CFR title.
